BRASS CORNER

A Warm Up

It’s silly...but it works!

Sometimes the simplest melodies can serve to build and prepare the embouchure for effective performance. The story of a trumpet player who had spent time rebuilding an injured lip and in doing so, happened upon the mixture of a familiar old tune, traditional technical study and diatonic scale. Here’s a twelve-minute warm up that takes you through the circle of fifths and incorporates the full range of the instrument.
